Drawings

Drawings filed on 2/5/04 are accepted by the Examiner.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the primary reason for allowance is that the cited prior art fails to disclose or reasonably suggest collapsing a plurality of filled capillaries into an initial preform structure and then inserting the structure into a cylinder and fusing the cylinder with the structure.

The cited prior art such as US 5,742,722 arranges a plurality of doped rods and collapses them (or draws) into a fiber but fails to disclose the claimed steps of forming an initial preform structure and inserting the structure into a cylinder as recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

CONCLUSION

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Carlos Lopez whose telephone number is 571.272.1193. The examiner can normally be reached on Mon.-Fri. 8am - 5pm.
